This report contains point-in-time analyses that are up-to-date as of 10pm on the date listed for *individuals under VT DOC community supervision*. Pages 1-3 provide explanations of the information contained in this report.

Community Supervision Statuses:

Furlough Statuses (listed as "Furlough" in this report):

-Community Supervision Furlough: (Primary furlough status) At the completion of the minimum term of sentence, the incarcerated individual may be released to the community, under conditions of furlough

Other Furlough Statuses:

-Treatment Furlough: Status for individual who is participating in an approved residential treatment program outside correctional facility

-Medical Furlough: Status for individual who is diagnosed with terminal or debilitating condition, released to accommodation deemed suitable by Commissioner (e.g., hospital, hospice, licensed inpatient facility)

-Pre-Approved Furlough: Sentenced to confinement with prior approval of Commissioner of Corrections eligible for immediate release on furlough. Community placement, but with more stringent rules for behavior. Conditions of release typically contain treatment or community work crew

Interstate Commission for Adult Offender Supervision (listed as "ICOTS" in this report):

An individual may be transferred to another state via the New England Interstate Corrections Compact, the Interstate Corrections Compact, and the Federal Bureau of Prisons contract at the discretion of the Commissioner/Designee when the classification process has determined out of state placement is appropriate.

Parole:

The release of an incarcerated individual to the community before the end of their sentence subject to conditions imposed by the Parole Board and subject to the supervision and control of the Commissioner of Corrections. Includes **Supervised Community Sentence:** Based on law passed in 1990, the judge sentences, with prior approval of the Commissioner, to a set of conditions, minimum and maximum time frames and an intermediate sanctions program under the supervision of the Department of Corrections. The Parole Board is the appointed authority and violations are resolved through a Parole Hearing

Probation:

An individual found guilty of a crime upon verdict or plea, is released by the court without confinement, subject to the conditions and supervision by the Commissioner of Corrections. This is a contract between the individual and the court, to abide by conditions in return for the court not imposing a sentence of confinement. Violation of this sanction requires due process, with a court hearing, counsel, and preponderance of evidence. Within the probation sanction is the reparative probation program, which allows citizens on community panels to determine the quality of restitution made to the victim and repair of harm to the community, consistent with 28 VSA Chapter 12

Work Crew:

Individuals work without pay and participate on a service team as a way of making amends to the community for criminal conduct
