

VT Department of Corrections: SFI-Designation Report 6/30/2024

This report contains point-in-time analyses that are up-to-date as of 8pm on the date listed. The analyses provided in this report contain in-depth breakdowns by SFI-Designation across the following reports:

- Population Report
- Violent Crime Report
- Minimum Release Report

Serious Functional Impairment (SFI):

Serious Functional Impairment (SFI) is defined as:

- a) A substantial disorder of thought, mood, perception, orientation, or memory, any of as diagnosed by a qualified mental health professional, which grossly substantially impairs judgment, behavior, capacity to recognize reality, or ability to meet the ordinary demands of life, and which substantially impairs the ability to function within the correctional setting; or
- b) a developmental disability, traumatic brain injury or other organic brain disorder, or various forms of dementia or other neurological disorder as diagnosed by a qualified mental health professional, which substantially impairs the ability to function in the correctional setting.

An individual can be designated as SFI through two distinct processes:

- 1) Designation by a qualified mental health professional as a result of a clinical and functional assessment ("DOC Designation"); or
- 2) Designation as a result of an administrative process which confirms the offender was receiving developmental services (community rehabilitation and treatment, developmental disability, traumatic brain injury, and/or cognitive-functional composite) upon entering DOC custody through verifying/validating the incarcerated individual's pre-existing and active community-based waiver(s): ("Community Waiver(s)").

Individuals with an SFI-designation have been designated at some point in the month listed above. This DOES NOT mean they had this designation throughout the entire month. In this report, SFI-designation is either denoted as "yes" if the individual had an SFI-designation at any point in the month reported or "no" if they individual did not have an SFI-designation this month.

Prior to being sent out of state, the VT DOC conducts a comprehensive physical, mental and substance use disorder screening and assessment of each potential out-of-state candidate. Those, who by statute are designated as SFI are not eligible to be sent to the out-of-state contractor at Tallahatchie County Correctional Facility (TCCF). Similarly, if an out-of-state incarcerated individual's clinical and functional status deteriorates such that they would be designated as SFI were they in VT, they will be transferred back to a VT in-state correctional facility. Thus, those placed out of state at TCCF are not included in this report as they would not be designated as SFI.

Sentenced Statuses:

- Sentenced: convicted of crime(s)
- Sentenced/Detained: convicted of crime(s) and held pre-trial for other crime(s)
- Sentenced W/Hold: convicted of crime(s) and held for US Marshals or other jurisdiction

The Commissioner has authority to make release decisions for incarcerated individuals with a "sentenced only" booking status consistent with the law and when taking public safety into consideration. All other booking statuses require action by another authority (e.g. the court) to release a person from incarceration.

Releasing Individuals from Incarceration:

Convicted individuals are sentenced to serve a minimum and maximum term by the court for each crime they commit. Individuals may be housed past their minimum release date but must be released by their maximum release date. Individuals with a "sentenced only" booking status (without detained, hold status) are eligible for release by the authority of the Commissioner of Corrections. All other booking statuses require action by another authority (such as the court) for release. See below for explanations of why an individual might be released from incarceration and the booking status(es) to which this reason might apply.

Bail Paid: Released from incarceration due to paying required bail amount (Detained status)

Crime Types

Incarcerated individuals are classified into different Crime Types based on the most serious crime for which they are sentenced, detained, or held. For example, 01:Fel./Serious. The number (e.g., 01) indicates the severity of the crime ranked from 01-11 from most severe to least severe. Next, the Crime Type displays whether the most serious crime was a felony (Fel.) or misdemeanor (Misd.). Finally, the category of crime is provided (e.g., Serious). See below for examples of each Crime Type. Each individual is counted once in the crime type data.

Crime Type Examples:

- 01:Fel./Serious:** Aggravated Assault, Aggravated Sexual Assault, Murder
- 02:Fel./Person:** Assault and Robbery, Lewd and Lascivious
- 03:Fel./Property:** Burglary Occupied, Grand Larceny, Arson
- 04:Fel./Drug:** Dealing, Trafficking, Possession and Sale
- 05:Fel./MotorV:** DUI 3 or more
- 06:Fel./Other:** Obstruction of Justice, Fugitive
- 07:Misd./Person:** Domestic Assault, Simple Assault
- 08:Misd./Property:** Unlawful Trespass, Retail Theft
- 09:Misd./Drug:** Possession of drugs
- 10:Misd./MotorV:** Careless and Negligent Operation
- 11:Misd./Other:** Violations Conditions of Release

Out-of-state facility

Due to lack of in-state capacity, VT DOC transfers VT incarcerated individuals to an out-of-state facility via a contract in accordance with the statutory state contracting process. CoreCivic, which operates TCCF, was the successful bidder in this process; as a result VT incarcerated individuals are sent to this facility.

Risk to Reoffend:

The VT DOC utilizes the Ohio Risk Assessment System (ORAS) to determine an offender's risk to reoffend or commit another crime. This measure is used for individuals being housed in correctional facilities and those under community supervision. The department uses the following instruments:

Prison Intake Tool (PIT):

Provided to all incarcerated individuals sentenced to a year or longer in a correctional facility. Informs risk reduction programming (RRP) eligibility. 4 levels of risk, with scores varying by gender: Low, Moderate, High, Very High

Community Supervision Tool (CST):

Administered to offenders under community supervision: within 2 weeks of intake, 3 months after release from incarceration to community supervision, and/or annually and/or upon significant changes in community status. 4 levels of risk, with scores varying by gender: Low, Moderate, High, Very High

Reentry Tools:

Administered to incarcerated individuals sentenced to a year or longer. Provided within 6-8 weeks before being released to the community. 3 levels of risk, with scores varying by gender: Low, Moderate, High

Violent Crime Status:

Offenders convicted of one or more statutorily listed offenses outlined in 13 VSA §5301 are deemed to have committed a violent crime, referred to as "listed" in our system. Examples of violent (or listed) crimes include but are not limited to: murder, aggravated assault, sexual assault, burglary, driving under the influence, sale or delivery of illicit drugs. This report uses the "listed" crimes as proxy for violent crimes.

Due to the nature of these crimes, special consideration toward victims is required in release decision making. Committing a violent crime does not always directly correlate with an offender's risk to reoffend.

Incarcerating Individuals Past Minimum Release Reasons:

Convicted offenders are sentenced to serve a minimum and maximum term by the court for each crime they commit. Individuals may be housed past their minimum release date but must be released by their maximum release date. Individuals with a "sentenced only" booking status (without detained, hold status) are eligible for release by the authority of the Commissioner of Corrections. All other booking statuses require action by another authority (such as the court) for release. See below for explanations/examples of reasons why someone might be housed past their minimum release date.

Furlough Violation/Inappropriate for Furlough: Returned from community supervision for a fixed length of time due to a technical violation, or "interrupting" release to furlough due to individual's behavior/risk to community

Graduated Sanction: Short term incarceration in response to technical violations that allow for continuation in completing community sentence

Hold for US Marshals/Other State: Held in VT facilities until under appropriate federal/state jurisdiction

Incomplete Programming: Required programming in progress, pending start, or termination/suspension due to behavior issues

Lack of Housing: No appropriate housing upon entry into the community

Pending Other Charge(s): Ex: Violation of supervision that results in new charge

Refusing Furlough/Mandated Services: Refusing services required by sentence or furlough placement

Scheduled for Release at Max Date: Due to concerns for safety of community, scheduled to release at maximum end date

Violent Crime/Inappropriate for Release: Offenders who committed violent crime(s) and are unsafe for release to community
