The Van Service

Vinelink Quick Reference Guide

Vinelink is the “Public Face” of the VAN Service.

Anyone can use Vinelink to find out the custody status of an offender and to register for notification.

Information about anyone who registers for the VAN Service is completely confidential and cannot be accessed through Vinelink.

To get offender custody status information and register onto VANS

Go to www.vinelink.com

⇒ Click VT on the map
⇒ Click the “Search and Register” tab
⇒ Enter the offender’s complete last name and partial first name and click on search. A list of offenders will come up.
⇒ Clicking on the magnifying glass next to the offender will allow you to register for notification
⇒ Select which method of notification you want (phone/email) and click “continue”
⇒ Enter a phone number, 4 digit PIN code (to be used to signal VANS to stop the calls) and/or email address where you want to be reached
⇒ Click the plus (+) sign if you want to register additional phone numbers or email addresses
⇒ Fill in the registrant classification (victim/affected person or other)
⇒ Enter the name and address of those who have registered as a victim/affected person
⇒ Click “register” and the registration process is complete
